Remarkable Cure!

We understand that a gentleman not over six thousand miles from Newport, who was afflicted with lamoness resulting from a paraly-sis of the whole of one side, called a few days since upon a Doctor (?) for professional assistance. After examination, the Doctor (?) aforesaid gave his opinion that beyond all doubt he could effect a thorough and radical cure. Being solidited to take the oses, he did an angry creditor the other day, to the black servant of an intemperate debtor, which he asserted that the patient would recover. We confess to an ungovernable curi-osity, which can only be gratified by learning the fee paid for such a prescription !

Trip of the Great Eastern.

Trip of the Great Eastern.

To the Editor of the New York Times.

I see by the papers it is proposed, after while, to make an excursion with the Great Eastern to some point on the coest. Allow me to suggest a trip to Newport, as the most agreeable and exp dient that could be decided on. During the sultry days of August hundreds of our citizens, was then induled in a little recreation, would gladly avail themsolves of the double pleasure of a trip on the Great Eastern and a transient visit to the inout delightful of American watering-places. Moreover, a brief exhibition of the noble ship in the beautiful harbor of Newport, and the inhabitants of the neignburing cities. Boston and Providence would all flock or ideliars in hor collers.

Let such an excursion be carried out, and it will prove a "big thing," in all respects and to all parties.

In Nowport (outer) Harbor the mammoth ship would find a sufficient depth of water ,or if preferred, the Government whar! at Fort Adams would furnish accommodations to lay at during her sojourn. As to the advantages which her owner's would reap by exhibiting the Great Exetern here, we do not propose to repeat them at this time, as we have here tofore enumerated them at length.
